

# New Features Coming Soon to VZ Events

Volume I: Issue 1

Norfolk, V.A. – 30 July, 2015 – VisualZen will be releasing version 2.2 on September 30th, 2015. This roll out has some handy features, which will be eligible to all of our clients at no additional cost.

## Arriving September 30, 2015\*

- Wait list feature that allows registrants to hold a seat for full events and offering an automated process to notify when a seat has opened up
- Question Enhancements for pick lists (e.g. Drop Down Lists & Radio Button Lists) that allows for managing of pick list items.
- Registrant grouping per event for an administrator (e.g. Counselor & Event Coordinator)
- Invitation lists to target your specific audience to begin registering for an event
- Hover views in control panel to give quicker access to information
- Cancellation notifications for administrators

\*Some features may be eligible for early release. More information will be posted when it becomes available.

## Coming Soon...January 2016

- Capacity management for Registrant Types
- RSVP lists to provide guaranteed seating for an event
- Check-in enhancements to provide easier check-in processing
- Adding calendar views (e.g. Default, Monthly, List) and searching for quicker access to events
- Payment check-out process to include discount/coupon codes
